INDEPENDENT AUDITORS' REPORT

Supervisor and Members of the Township Board of Trustees Township of Champion, Michigan Champion, Michigan 49814

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, of the Township of Champion, Michigan as of and for the year ended March 31, 2007, which collectively comprise the Township of Champion, Michigan's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Township of Champion, Michigan's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major funds and the aggregate remaining fund information of the Township of Champion, Michigan as of March 31, 2007, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 24, 2007, on our consideration of the Township of Champion, Michigan's internal control over financial reporting and our tests of its compliance with certain provision of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that

testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis, and budgetary comparison information on pages 5 through 10 and 35 through 42 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Champion, Michigan's basic financial statements. The schedules listed as other supplemental information in the accompanying table of contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements of the Township of Champion, Michigan. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, based on our audit, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TOWNSHIP OF CHAMPION, MICHIGAN

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

Our discussion and analysis of the Township of Champion, Michigan's financial performance provides an overview of the Township's financial activities for the year ended March 31, 2007. Please read it in conjunction with the financial statements, which begin on page 11.

FINANCIAL HIGHLIGHTS

- The Township of Champion, Michigan is required to be audited only every other year. As such comparison information will be taken from the prior audited years financial Statements, being 2005.
- Net assets for the Township as a whole decreased by \$1,556 or less than 1
 percent as a result of this year's operations.
- During the year, the Township had expenses for governmental activities that were \$203,603 and revenues of \$202,047.
- The General Fund reported a net fund balance of \$98,799. Net change in fund balance was \$12,990 higher than the forecasted decrease of \$19,750.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities (on pages 11 and 12) provide information about the activities of the Township as a whole and present a longer-term view of the Township's finances. Fund financial statements start on page 13. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for the future spending. Fund financial statements also report the Township's operations in more detail than the government-wide statements by providing information about the Township's most significant funds. The remaining statements provide financial information about activities for which the Township acts solely as a trustee or agent for the benefit of those outside the government.

Reporting the Township as a Whole

Our analysis of the Township as a whole begins on page 7. One of the most important questions asked about the Township's finances is "Is the Township as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the Township as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the Township's net assets and changes in them. You can think of the Township's net assets - the difference between assets and liabilities - as one way to measure the Township's financial health, or financial position. Over time, increases or decreases in the Township's net

assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the Township's patron base and the condition of the Township's capital assets, to assess the overall financial health of the Township.

In the Statement of Net Assets and the Statement of Activities, we divide the Township into two kinds of activities:

- Governmental Activities Most of the Township's basic services are reported here, including the legislative, elections, public safety, public works, recreation and culture, community and economic development and general services and administration. Property taxes, charges for services and state sources fund most of these activities.
- Business-Type Activities The Township has no Business-Type Activities.

Reporting the Township's Most Significant Funds

Our analysis of the Township of Champion, Michigan's major funds begins on page 9. The fund financial statements begin on page 13 and provide detailed information on the most significant funds – not the Township as a whole. Some funds are required to be established by State law and by bond covenants. However, the Township Board establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using taxes, grants, and other money. The Township of Champion, Michigan's two kinds of funds - governmental and proprietary - use different accounting approaches.

- Governmental funds Most of the Township of Champion, Michigan's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at yearend that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted into cash. The governmental fund statements provide a detailed short-term view of the Township's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Township of Champion, Michigan's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Assets and Statement of Activities) and governmental funds in a reconciliation which follows the fund financial statements.
- Proprietary funds When the Township of Champion, Michigan charges customers for the services it provides whether to outside customers these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities. In fact, the Township of Champion, Michigan's enterprise funds (a component of proprietary funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds. The Township of Champion, Michigan does not have any proprietary funds.

The Township as Trustee

The Township of Champion, Michigan is the trustee, or fiduciary, for assets that – because of a trust arrangement – can be used only for the trust beneficiaries. All of the fiduciary activities are reported in separate Statements of Fiduciary Net Assets on page 17. We exclude these activities from the other financial statements because the Township of Champion, Michigan cannot use these assets to finance its operations.

The Township of Champion, Michigan is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

The Township as a Whole

Table I provides a summary of the Township's net assets as of March 31, 2007 and March 31, 2005.

	Table 1 Net Assets

TOWNSHIP OF CHAMPION, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of the Township of Champion, Michigan have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant of these accounting policies established in GAAP and used by the Township are described below.

(1) REPORTING ENTITY

The Township of Champion, Michigan's financial statements present the Township of Champion, Michigan (the primary government). In evaluating the Township of Champion, Michigan as a reporting entity, management has addressed all potential component units (traditionally separate reporting units) for which the Township of Champion, Michigan may or may not be financially accountable and, as such, be includable within the financial statements.

(2) BASIC FINANCIAL STATEMENTS - GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Township of Champion, Michigan's basic financial statements include both government-wide (reporting the Township as a whole) and fund financial statements (reporting the Township's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Township's legislative, public works, public safety, community and economic development, recreation and culture and general services, and administration are classified as governmental activities. The Township of Champion, Michigan does not have any activity that is classified as business-type activities.

In the government-wide Statement of Net Assets, both the governmental activities columns are presented on a consolidated basis by column and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Township's net assets are reported in three parts – invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Township first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Township of Champion, Michigan's functions and business-type activities. The functions are also supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits

and charges, etc.) The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. The net costs (by function or business-type activity) are normally covered by general revenue.

The government-wide focus is more on the sustainability of the Township of Champion, Michigan as an entity and the change in the Township of Champion, Michigan's net assets resulting from the current year's activities. For the most part, the effect of interfund activities has been removed from these statements.

(3) BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS

The financial transactions of the Township are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Township:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Township:

- **General Fund** General Fund is the general operating fund and, accordingly, it is used to account for all financial resources except those required to be accounted for in another fund.
- **Road Fund** Road Fund is a Special Revenue Fund Type used to account for financial resources to be used for the expenditures related to road improvement.
- **Fire Fund** Fire Fund is a Special Revenue Fund type used to account for financial resources to be used for the expenditures related to Fire protection services.
- Emergency Management Services Fund Emergency Management Services Fund is a Special Revenue Fund Type used to account for financial resources to be used for the expenditures related to emergency management services.
- Veteran's Memorial Park Fund Veteran's memorial Park Fund is a Special Revenue Fund Type used to account for financial resources to be used for the expenditures related to the Veteran's Memorial Park.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Township programs. The agency fund is custodial in nature and does not present results of operations or have a measurement focus.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds.

The Township reports the following major governmental funds:

The **General Fund** is the Township's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Road Fund – Road Fund is a Special Revenue Fund Type used to account for financial resources to be used for the expenditures related to road improvement.

Fire Fund – Fire Fund is a Special Revenue Fund type used to account for financial resources to be used for the expenditures related to Fire protection services.

Emergency Management Services Fund – Emergency Management Services Fund is a Special Revenue Fund Type used to account for financial resources to be used for the expenditures related to emergency management services.

The Township's fiduciary funds are presented in the fiduciary fund financial statements by type (agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, etc.) and cannot be used to address activities or obligations of the Township, these funds are not incorporated into the government-wide statements.

(4) BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Modified Accrual

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified basis of accounting, revenues are recorded when they are both measurable and available. "Available" means collectible within the current period or within 60 days of the end of the current fiscal period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. However, debt service expenditures, compensated absences, and claims and judgments are recorded only when payment is due.

(5) FINANCIAL STATEMENT AMOUNTS

Budgets and Budgetary Accounting – The Township follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. The Township Supervisor submits to the Township Board of Trustees a proposed operating budget for the fiscal year commencing the following April 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Numerous opportunities exist for public comment during the budget process including at least two formal public hearings conducted at the Township Hall to obtain taxpayer comment.
- c. Pursuant to statute, prior to March 31 of each year the budget for the ensuing year is legally enacted through adoption of an Annual General Appropriations Act.
- d. The general statute governing Township budgetary activity is the State of Michigan Uniform Budgeting and Accounting Act. In addition to the provisions of the said Act and Board policy, general statements concerning the Board's intent regarding the administration of each year's budget are set out in the Annual General Appropriations Act. The Champion Township Board of Trustees, through policy action, specifically directs the Supervisor not to authorize or participate in any expenditure of funds except as authorized by the Annual General Appropriations Act. The Board recognized that, in addition to possible Board sanctions for willful disregard of this policy, State statutes provide for civil liability for violations of the Annual General Appropriations Act.

- e. The Supervisor is authorized by means of Township policy to maker certain transfers:
 - 1. The Supervisor receives a request for a budget transfer from the head of the department whose budget is to be affected. Such request must specify the necessity for the transfer, the account name and/or group(s) and amount to be affected within prescribed limitations. Transfers in excess of those limitations must be approved by the Board of Trustees.
 - 2.The following considerations must be reviewed in determination of transfer approvals:
 - a. Are the transfers consistent with the intent of the Board of Trustees in adopting the annual budget?
 - b. Will the transfer maintain the financial integrity of the Township?
 - c. Will the transfer provide a reasonable solution to the departmental operating problem?

Considering the above, the Supervisor will then decide whether or not the transfer should be made.

Supplemental appropriations are submitted to and reviewed by the Supervisor and submitted to the Township Board of Trustees for their review and approval. If approved, they are implemented by the Supervisor through a budget revision.

- f. The Township of Champion, Michigan adopts its Annual Budget on a departmental basis. At each level of detail, governmental operations are summarized into expenditure account groups. Funding sources are also identified and adopted at each level of detail. Budgetary controls exist at the most detailed level adopted by the Board of Trustees, i.e., department for analytical purposes. A detailed line item breakdown is prepared for each program. Accounting, i.e., classification control, resides at the line item detail level.
- g. Budgets for the General Funds were adopted in substance on an accrual basis which is consistent with generally accepted accounting principles. Budgeted amounts as reported in the Financial Report are as originally adopted and/or amended by the Township Board of Trustees.

Cash Equivalents and Investments – For the purposes of balance sheet classification and the statement of cash flows, cash and equivalents consist of demand deposits, cash in savings, money market accounts, and short-term certificates of deposit with original maturity of three months or less. Investments are carried at fair value.

Capital Assets – Capital assets, which include property, plant, equipment and infrastructure assets (e.g. streets, bridges, and sidewalks), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Township as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of five years.

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their fair value on the date donated. Depreciation on all exhaustible capital assets is charged as an expense against their operations in government-wide statements and proprietary financial statements. Accumulated depreciation is reported on government-wide and proprietary statement of net assets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Land improvements	15 years
Building, structures and improvements	25-40 years
Equipment	5 years
Water and Sewage System	20-50 years
Vehicles	5-10 years
Infrastructure	20-50 years

Long-Term Liabilities – In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities and business-type activities or proprietary fund type statement of net assets. In the fund financial statements, the face amount of debt issued is reported as other financing sources.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reporting of certain assets, liabilities, revenues, and expenditures. Actual results may differ from estimated amounts.

Property Taxes – Property taxes are levied as of December 1 of each year and are due by the last day of the following March. The taxes are collected by the local unit and periodically remitted to the third parties during the collection period.

Compensated Absences – The Township accrues accumulated unpaid vacation and sick leave days and associated employee-related costs when earned (or estimated to be earned) by the employee. The noncurrent portion (the amount estimated to be used in subsequent fiscal years) for governmental funds is maintained separately and represents a reconciling item between the fund and government-wide presentations.

Deferred Revenues – Deferred revenues are those where asset recognition criteria have been met, but for which revenue recognition criteria have not been met.

Interfund Activity – Interfund activity is reported as either, loans, services provided reimbursements or transfers. Loans are reported as interfund receivables and payables, as appropriate, and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a result of the reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

NOTE B - DEPOSITS AND INVESTMENTS:

Cash Equivalents

The following is a reconciliation of cash and investments for both the unrestricted and restricted assets for the primary government from the Statement of Net Assets:

the Township in its name	\$ 175,386
Amount uncollateralized and uninsured	234,078
	\$ 409,464

Investments

As of March 31, 2007, the Township of Champion, Michigan did not have any investments.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the Township of Champion, Michigan's investments. The Township of Champion, Michigan does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE B - DEPOSITS AND INVESTMENTS (Continued):

Credit Risk

Michigan statutes (Act 196, PA 1997) authorize the Township of Champion, Michigan to invest in bonds, other direct obligations and repurchase agreements of the United States, certificates of deposits, savings accounts, deposit accounts or receipts of a bank which is a member of the FDIC and authorized to operate in this state, commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and matures within 270 days from date of purchase, bankers' acceptances of the United States banks, obligations of the State of Michigan and its political subdivisions, external investment pools, and certain mutual funds. Michigan law prohibits security in the form of collateral, surety bond, or another form for the deposit of public money.

The Township of Champion, Michigan has no investment policy that would further limit its investment choices. Ratings are not required for the Township of Champion Michigan's investment in U.S. Government Agencies or equity-type funds. The Township of Champion, Michigan's investments are in accordance with statutory authority.

Concentration of Credit Risk

The Township of Champion, Michigan places no limit on the amount the Township of Champion, Michigan may invest in any one issuer. There were no investments subject to concentration of credit risk disclosure.

NOTE C - INTERFUND BALANCES:

The Township of Champion, Michigan reports inter-fund balances between many of its funds. The total of all balances agrees with the sum of inter-fund balances presented in the statements of net assets/balance sheet for governmental funds. Inter-fund transactions resulting in inter-fund receivables and payables are as follows:

					Due To Other F	runds	
			General Fund	Road Fund	Fire Fund	EMS Fund	Total

NOTE F - PROPERTY TAXES:

The Local Governmental Unit property tax is levied on each December 1st on the taxable valuation of property (as defined by State statutes) located in the Local Governmental Unit as of the preceding December 31st.

Although the Local Governmental Unit 2006 ad valorem tax is levied and collectible on December 1, 2006, it is the Local Governmental Unit's policy to recognize revenue from the current tax levy in the current year when the proceeds of this levy are budgeted and made "available" for the financing of operations. "Available" means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period (60) days.

The 2006 taxable valuation of the Local Governmental Unit totaled \$9,921,025, on which ad valorem taxes levied consisted of 5.2332 mills for the Local Governmental Unit operation purposes, 1.6869 mills for road improvements, 2.500 mills for fire services and .8434 mills for emergency management services. These amounts are recognized in the General Fund, Road Fund, Fire Fund, and Emergency Management Services Fund financial statements as revenue.

NOTE G - CONTINGENT LIABILITIES:

<u>Risk Management</u> - The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Township has obtained commercial insurance to handle its risk of loss.

NOTE H – JOINT VENTURE:

In June 1988, Champion Township joined with 19 other municipalities to create the Marquette County Solid Waste Management Authority ("Authority"). The Authority was created pursuant to Act 233 of 1955 to plan for, acquire, construct, finance, operate, maintain, repair and dispose of, whether by sale, lease, or otherwise, an Act 641 landfill, including all improvements, appurtenances, easements, accessory facilities and structures, equipment, and other property part of or incidental to the landfill sufficient to satisfy the requirements of, and function as a solid waste disposal area under Act 641 and to establish and administer procedures providing for the separation, recycling, recovery, conversion of solid waste to energy and for the disposition of such energy output and disposal at the site of Non-toxic Type II and

NOTE H - JOINT VENTURE (Continued):

Type III Solid Waste, to fund all of the above activities, to charge and collect fees in connection with the operation of the landfill and to provide for the reimbursement with receipt of bond proceeds to the City of Marquette and Sands Township of their respective costs and expenses incurred in connection with the establishment and administration of the Solid Waste Authority and the System Facility.

The Authority is governed by a Board of Trustees consisting of one (1) member (who is the Chairperson of the board of Trustees) designated by the Sands Township Supervisor on behalf of the Sands Township, two (2) members designated by the Marquette City Commission; three (3) members designated by the Marquette County Board of Commissioners, and one resident of the City of Marquette appointed by the other 6 Authority Board members. All decisions of the Board are made by majority vote, consisting of at least four of its members.

The Township's share of assets, liabilities, and fund equity is approximately 1 percent. Summary financial information as of and for the fiscal year ended June 30, 2006, is as follows:

Total Assets	\$13,505,304
Total Liabilities	2,135,432
Total Equity	11,369,872
Total Operating Revenues	2,368,781
Total Operating Expenses	2,625,815
Net Income (loss)	(257,034)

The City of Marquette has pledged its full faith and credit for the Marquette County Solid Waste Management Authority Bonds, Series 1988. These bonds are payable from the net revenues of the Authority, as well as by each member of the Authority to the extent of their pro rata share of the principal and interest requirements on the bonds.

NOTE I - EXCESS EXPENDITURES OVER APPROPRIATIONS:

Public Act 621 of 1978, Section 18 (1), as amended, provides that a Township shall not incur expenditures in excess of the amount appropriated. In the body of the financial statements, the Townships actual expenditures and budgeted expenditures for the General Fund and Special Revenue Funds have been shown on a functional basis.

The approved budgets to the Township General and Special Revenue Funds were adopted on an activity and/or program level. During the year ended March 31, 2007, the Township incurred functional expenditures which were in excess of the amounts appropriated as follows:

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH **GOVERNMENT AUDITING STANDARDS**

To the Supervisor and Township Board of Trustees Township of Champion, Michigan Champion, Michigan 49814

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Champion, Michigan as of and for the year ended March 31, 2007, and have issued our report thereon dated September 24, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township of Champion, Michigan's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township of Champion, Michigan's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township of Champion, Michigan's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting tat we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Township of Champion, Michigan's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Township of Champion, Michigan's financial that is more than inconsequential will not be prevented or detected by the Township of Champion, Michigan's internal control. We consider the deficiencies described in the accompanying report to management to be significant deficiencies in internal control over financial reporting as items 07-01 and 07-02.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Township of Champion, Michigan's internal control.

To the Supervisor and Township Board of Trustees Township of Champion, Michigan

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be However, we believe that none of the significant deficiencies material weaknesses. described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Champion, Michigan's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Governmental Auditing Standards and are described in the accompanying report to management as items 07-03 and 07-04.

This report is intended solely for the information and use of management, the audit committee, Township Board of Trustees, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Township of Champion, Michigan

Report to Management Letter For the Year Ended March 31, 2007

Honorable Supervisor and Members of the Township Board of Trustees Township of Champion, Michigan Champion, Michigan 49814

In planning and performing our audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Champion, Michigan as of and for the year ended March 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Township of Champion, Michigan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township of Champion, Michigan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township of Champion, Michigan's internal control.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above. However, we identified the following deficiencies in internal control that we consider to be significant deficiencies.

FAX: (906) 225-1714

Honorable Supervisor and Members of the Township Board of Trustees Township of Champion, Michigan

07-01 - FINANCIAL REPORTING CYCLE

Condition/Criteria: The monthly and year end financial reporting package as presented to the Board of Trustees is not fully compliant with generally accepted accounting principles. The general ledger is not recording all accruals at year end.

Effect: Because not all of the accruals are being record in the general ledger until after the audit, the financial statements are not compliant with generally accepted accounting principles.

Cause of Condition: Failure to record all accruals in the general ledger.

Recommendation: We suggest that monthly and at year end, all accruals are recorded in the general ledger.

Management Response – Corrective Action Plan:

- Contact Person(s) Responsible for Correction:
 - Cheryl Koppinger, Clerk
- Corrective Action Planned:
 - The Township is planning on starting to record accruals on a monthly basis in the coming fiscal year.
- Anticipated Completion Date:
 - March 31, 2008

07-02 - CASH RECONCILIATIONS

Condition/Criteria: The Current Tax Fund bank account used to deposit tax collections and disbursement tax payments was not reconciled for the months of January, February, and March of 2007.

Effect: The Current Tax Fund balance sheet and income statement may become materially misstated due to error or fraud not detected by employees in the normal course of operations on a timely basis.

Cause of Condition: Failure to reconcile Current Tax Fund bank account on a timely basis.

Recommendation: The basis of strength in any system of sound internal control is a strong reconciliation function. We suggest, and good internal control dictates, the general ledger accounts be reconciled on a monthly basis with the appropriate accounting entries being made to the system. This will help to insure accurate financial reporting on an interim basis for decision making by the board and management.

Management Response - Corrective Action Plan:

- Contact Person(s) Responsible for Correction:
 - Linda Pelkola, Treasurer
- Corrective Action Planned:
 - The Township is considering action in the coming fiscal year.
- Anticipated Completion Date:
 - March 31, 2008

INSTANCE OF NON-COMPLIANCE

07-03 (REPEATED) - UNIFORM BUDGETING AND ACCOUNTING ACT (PA621)

Condition/Criteria: Public Act 621 of 1978, Section 18 (1) as amended, provides that local governmental units shall not incur expenditures in excess of the amount appropriated. In the body of the financial statements, the Township of Champion, Michigan had actual expenditures and budgeted expenditures for the General Fund and Special Revenue Funds have been shown on a functional basis. The approved budgets of these funds were adopted on an activity and/or program level. During the year ended March 31, 2007, the Township of Champion, Michigan incurred functional expenditures which were in excess of the amounts appropriated as shown within the basic financial statements.

Effect: The Township of Champion, Michigan is not in compliance with State Law.

Cause of Condition: Failure to amend the budgets during the year based on the level of expenditures.

Recommendation: The Township of Champion, Michigan should strictly control expenditures in each governmental fund so as not to exceed the original appropriation. When this is not possible, the budget should be amended accordingly.

Management Response - Corrective Action Plan:

- Contact Person(s) Responsible for Correction:
 - Cheryl Koppinger, Clerk
- Corrective Action Planned:
 - The budget will be more closely monitored and budget amendments will be made accordingly.
- Anticipated Completion Date:
 - o March 31, 2008

07-04 - PROPERTY TAX DISBURSEMENT (MCL 211.43)

Condition/Criteria: Per MCL211.43(3), treasurers in townships with a state equalized valuation more than \$15 million must account for and deliver to the county treasurer and other tax assessing unit treasurers the tax collections on hand on the first and 15th day of each month within 10 business days after the first and 15th day of each month. Within 10

Honorable Supervisor and Members of the Township Board of Trustees Township of Champion, Michigan

days after the last day of February, the treasurer must account for and deliver to the county treasurer and tax assessing unit treasurers at least 90 percent of the total amount of tax collections on hand on the last day of February. A final adjustment and delivery of the total amount of tax collections on hand must be made no later than April 1 of each year. The Township of Champion, Michigan was in violation of the aforementioned requirements as the majority of the 2006 Winter Levy was not disbursed until April 2007.

Effect: The Township of Champion, Michigan is not compliant with State Law.

Cause of Condition: Failure to disburse property tax collections on a timely basis in accordance with State law.

Recommendation: The Township of Champion, Michigan should more closely monitor the tax collections and distributions in order to disburse the funds as prescribed by State law.

Management Response - Corrective Action Plan:

- Contact Person(s) Responsible for Correction:
 - Linda Pelkóla, Treasurer
- Corrective Action Planned:
 - o The Township is considering action in the coming fiscal year.
- Anticipated Completion Date:
 - March 31, 2008

To the Board of Trustees Township of Champion, Michigan

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Township of Champion, Michigan for the year ended March 31, 2007, and have issued our report thereon dated September 24, 2007. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards and Government Auditing Standards

As stated in our engagement letter dated April 23, 2007, our responsibility, as described by professional standards, is to plan and perform our audit to obtain reasonable, but not absolute, assurance about whether the financial statements are free of material misstatement and are fairly presented in accordance with U.S. generally accepted accounting principles. Because an audit is designed to provide reasonable, but not absolute assurance and because we did not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us.

As part of our audit, we considered the internal control of Township of Champion, Michigan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of Township of Champion, Michigan's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of our tests was not to provide an opinion on compliance with such provisions.

Significant Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Township of Champion, Michigan are described in Note A to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2006-2007. We noted no transactions entered into by Township of Champion, Michigan during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. These estimates are relatively insignificant in relation to the financial statements taken as a whole.

Audit Adjustments

For purposes of this letter, professional standards define an audit adjustment as a proposed correction of the financial statements that, in our judgment, may not have been detected except through our auditing procedures. An audit adjustment may or may not indicate matters that could have a significant effect on the Township of Champion, Michigan's financial reporting process (that is, cause future financial statements to be materially misstated). In our judgment, none of the adjustments we proposed, whether recorded or unrecorded by the Township of Champion, Michigan, either individually or in the aggregate, indicate matters that could have a significant effect on the Township of Champion, Michigan's financial reporting process.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Issues Discussed Prior to Retention of Independent Auditors

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Township of Champion, Michigan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

This information is intended solely for the use of the Board Trustees and management of the Township of Champion, Michigan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Anderson, 7ackman & Company, PLC Certified Public Accountants
